

## Western College of Veterinary Medicine (WCV M) University of Saskatchewan, Saskatoon, Saskatchewan, Canada *Lecturer position, two-year term, full time*

### Description

Applications are invited from qualified individuals for a two-year term lecturer (full time) in the [Department of Small Animal Clinical Sciences](#) at the Western College of Veterinary Medicine (WCV M), University of Saskatchewan (USask).

This position involves a 75 per cent commitment to providing high-quality clinical anesthesia services within both the small and large animal clinics of the WCV M Veterinary Medical Centre (VMC). The anesthesia service is also responsible for the training of undergraduate veterinary students, graduate veterinarians, registered veterinary technologists (RVTs), and veterinary technology students.

The successful applicant must be passionate about veterinary medicine, a Diplomate of the American College of Veterinary Anesthesia and Analgesia (ACVAA), and committed to coaching students for success in clinical practice. They will integrate current evidence-based advancements in veterinary anesthesia and help enhance the skills of undergraduate learners and technical staff. The position also involves clinical training and mentorship for graduate veterinarians specializing in veterinary anesthesia and analgesia. Participation in after-hours emergency duties is required, including the supervision of graduate students during this component of their training.

The remaining 25 per cent of the appointment will be devoted to developing and delivering a limited number of lectures and laboratories in the undergraduate and graduate veterinary programs, as well as the delivery and assessment of clinical skills anesthesia content in the undergraduate curriculum. The successful candidate will also contribute lectures within the graduate training program and provide continuing education to graduate veterinarians within the discipline.

### About the WCV M and USask

The [WCV M](#) is Western Canada's regional college of veterinary medicine and is part of a comprehensive academic health sciences group on the University of Saskatchewan's main campus. The [VMC](#) is a state-of-the-art primary care hospital and referral centre serving Western Canada that is accredited with the American Veterinary Medical Association (AVMA) and the American Animal Hospital Association (AAHA). The centre provides specialty services in the following disciplines: anesthesia; dentistry; dermatology; exotic, wild, and zoo animals; internal medicine; medical imaging; nutrition; oncology; ophthalmology; radiation oncology; and surgery. The VMC also supports undergraduate and graduate veterinary student training.

USask is a member of U15 Canada — an association of the country's leading research universities — with a reputation for excellence in teaching and other scholarly activities. The university offers a full range of undergraduate, graduate and professional programs to more than 26,000 students, including over 21,000 undergraduate and 4,500 graduate students. The WCV M currently includes about 360 undergraduate students and 200 graduate students. Saskatoon offers a diverse and thriving economy, a vibrant arts community, and a range of recreational and cultural opportunities. [Visit Saskatoon Tourism for more details.](#)

### Qualifications and application process

Applicants must hold a Doctor of Veterinary Medicine degree (or equivalent), have completed an advanced degree in a related field, be Diplomates of the ACVAA, and be eligible for licensure to practise veterinary medicine in Saskatchewan. [Visit the Saskatchewan Veterinary Medical Association](#) for details.

This position is within the scope of the [University of Saskatchewan Faculty Association](#). The salary band for this position for the 2026-27 academic year is \$95,187 to \$139,203 and is negotiable based on qualifications and experience.

An attractive and comprehensive benefits package is available and includes the following: six weeks vacation; dental, health, and extended vision care plans; a pension plan; life insurance (compulsory and voluntary); sick leave; long-term disability; death benefits; an employee assistance program; a flexible health and wellness spending plan; travel insurance; and a professional expense allowance.

**Interested candidates must submit a cover letter, detailed curriculum vitae (CV) and supporting documents via email to:**
